### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: the limitation of the second member including a stop pin in its intermediate portion that is adapted to abut the intermediate portion of the first elongated member and the intermediate portion of the first elongated member including a series of notches external to the elongated slot so that the stop pin of the second elongated member nests in a notch when it abuts the intermediate portion of the first elongated member to maintain the relative spacing of the jaws and to limit the degree to which the second elongated member can pivot about the pivot pin, and a single spring captured in the elongated slot between the pivot pin and the second end of the slot and whereby when the jaws are closed to grip a workpiece the second elongated member moves toward the second end of the slot against the force of the spring to the extent necessary to accommodate the workpiece within the gripping surfaces of the jaws being substantially parallel, was not found in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
